On July 23rd, at 12pm EST, Network Security Group hosts webinar on "Getting Back to the Basics - How to implement a strong Written Security Plan (WISP)". Be sure to register here....

Network Security Group presents 'Getting Back to the Basics - How to implement a strong Written Security Plan (WISP)'

Join us for a Webinar on July 23rd at 12PM EST - Registration is Required! Greetings,

Brian Grigg, Lead Security Specialist, with Network Security Group (www.nsgroup-inc.com) will host a webinar to discuss this topic and we invite you to join us. He will address the following:

- Why a Written Security Info. Plan (WISP) should be your first step in the security process. Don't just rely on product!
- What key areas/topics should be addressed on your WISP. - Ways to maximize communication/social engineering amongst peers. - How a WISP helps achieves government regulations including 201 CMR 17. Date: July 23rd at 12pm EST

How do I Register for the Webinar:

Space is limited and registration is required. Reserve your Webinar seat now by clicking here

After registering you will receive a confirmation email containing information about joining the Webinar.

We look forward to seeing you there.
